Corporate Environment Health & Safety (EHS) Policy

At Shriram Properties, we aim to be one of the leading organizations in India's real-estate industry, committed to developing sustainable buildings with prioritizing Environment, Health & Safety (EHS) across all the processes. Through proactive EHS management, we protect the well-being of our Communities, Contractors, Vendors, Customers and Employees. We strive to demonstrate our EHS values, comply with regulations, implement best practices, and drive continuous improvement.

Our leaders will champion practices that will ensure no compromise on the well-being of our people and the preservation of the environment, reaffirming our unwavering commitment to safety and sustainability.

Guiding Principles

We aspire to foster a collaborative effort among all employees to establish a safe and secure workplace for the benefit of all stakeholders.
